

Save the Date!

January 1st, 2014

To better ensure program participants have access to a Guaranteed Ride Home (GRH) if and when they need it, Alameda CTC will be changing GRH from a voucher program to a reimbursement program beginning January 2014! This will eliminate the need for participants to have a voucher in order to use the program.

Why the change?

Participants will have instant access to rides home without the need of a physical voucher.

Alameda CTC's paper footprint will be reduced by eliminating frequent mailings and print vouchers.

Please stay tuned for more information in the upcoming weeks about this change in the Guaranteed Ride Home Program. Thank you for choosing to be part of the Guaranteed Ride Home Program!
